FINANCIAL AGREEMENT

Our philosophy in serving people is to be informative, honest and forthright. This Financial Agreement is indicative of our respect for your right to know ahead of time what our expectations are in the area of finances.

DENTAL INSURANCE: To help us assist you, please bring your insurance benefit book and your insurance card to your first visit. As a courtesy we will gladly file your claims and accept assignment of dental insurance benefits provided you agree to the following:

- You must provide us with an insurance card and all the information necessary to verify your coverage and file your claim.
- Your insurance policy is a contract between you, your employer and the insurance company. We are NOT a party to that contract. Our relationship is with you and not your insurance company.
- You are responsible for our fees and not what your insurance company allows or considers "usual, customary and reasonable" all of which vary from one company to another.
- Although we may estimate your insurance benefits we are not responsible for their accuracy.
- All charges not paid by your insurance company are your responsibility regardless of the reason for nonpayment. Not all the services we provide are covered benefits. Benefits differ from one company to another. Fees for non-covered services, along with deductibles and copayments are due at the time of treatment.

Knowledge of benefits as well as benefit amounts, limitations, exclusions, waiting periods, etc. is entirely YOUR responsibility. Receiving our services indicates your acceptance of responsibility to pay regardless of our estimate. On the date of your office visit, you are responsible for your deductible and the portion we estimate that your insurance does not cover. If your Dental Insurance company payment is not received within 30 days after the date of service, the entire balance is due from you. You can then obtain reimbursement directly from your insurance company.

PAYMENT POLICY: For treatment that requires dental laboratory services, a minimum down payment will be required at the initial appointment.

- We accept Cash, Debit Card, Visa, Master Card, Amex.
- If the insurance company does not pay in full within 30 days, a statement is sent to the mailing address on record, for the remaining balance. Payment is expected within 15 days of the statement date, to avoid finance charges.
- If there is a balance remaining after insurance company payment has been received and processed, I authorize Hawthorne Village Dental Care to automatically bill my credit card below for the outstanding balance, providing it is not over \$300.00. If the outstanding balance is over \$300.00, verbal authorization is required from patient or patient's parent/guardian to process payment.

FINANCE CHARGES AND COLLECTION FEES: A service charge of 4% per month may be charged to accounts exceeding 25 days of statement date (please read Payment Policy). It is your responsibility to ensure your insurance company pays promptly so you can avoid finances charges. You agree to pay collection costs and reasonable attorney fees incurred in attempting to collect on this amount or any future outstanding account balances.

OVERDUE BALANCE: An account with an unpaid balance past 90 days will be sent to our attorney and pursued in court. Oral Screening Consent Form

Complete each time the examination is performed and place in the patient's file

Our practice continually looks for advances to ensure that we are providing the optimum level of oral health care to our patients. We are concerned about oral cancer and look for it in every patient.

Three Canadians die every day from oral cancer. Late detection of oral cancer is the primary cause. Both the incidence and mortality rates of oral cancer continue to increase. As with most cancers, age is the primary risk factor for oral cancer. Tobacco and alcohol use are other major predisposing risk factors but **more than 25% of oral cancer victims have no such lifestyle risk factors.** Oral cancer risk by patient profile is as follows:

Increased risk: patients ages 18-39; sexually active patients (HPV 16/18)

High risk: patients age 40 and older; tobacco users (any age, any type within 10 years)

Highest risk: patients age 40 and older with lifestyle risk factors (tobacco and/or alcohol use);
previous history of oral cancer

We have recently incorporated VELscope into our oral screening as a standard of care. We find that using VELscope along with a standard oral cancer examination improves the ability to identify suspicious areas at their earliest stages. VELscope is similar to proven early detection procedures for other cancers such as mammography, Pap smear, and PSA. VELscope is a simple and painless examination that gives the best chances to find any oral abnormalities at the earliest possible stage. Early detection of pre-cancerous tissue can minimize or eliminate the potentially disfiguring effects of oral cancer and possibly save your life. The VELscope exam will be offered to you annually.

The fee for this enhanced examination is **only- \$15.00**

Yes, I would prefer the VELscope exam to be done today and understand that
I have to pay for it.
